## Scholarship Description Form

To streamline the Scholarship Awards Ceremony, we would like to include a brief description of your scholarship in the program.

We already include a description of each senior who submitted a notebook, noting some of their accomplishments and past or future interests. It is our intent that this will shorten the individual scholarship presentation somewhat, still giving recognition to our donors and the graduates who receive their scholarships.

**This is your opportunity to describe your intent in providing a scholarship, but the description should in no way indicate who the recipient will be.**

Please return this form with the completed Scholarship Donation Form, and accept our thanks for your support!
