

Vashon Community Scholarship Foundation

We would like you to write your own “bio”
to be printed in the VCSF ceremony program.

**Your bio will introduce you to the community in 35-45 words.
Be specific. Be positive. Be honest. Be yourself.**

Thinking about these questions might give you ideas for your bio:

- Which words and phrases best describe me?
- Which school-related activities or accomplishments mean the most to me?
- Which interests and activities outside of school are important to me?
- What makes me an individual in the VHS class of 2019?
- What do my friends like most about me?
- What are my post high school interests and plans?

Here are some example bios:

I play the bagpipes, row with the Island Rowing Club and work on the Riptide staff. I look for intellectual challenge and enjoy working on group projects. A Rotary exchange experience in Denmark ignited my sense of adventure.

In addition to academics, I enjoy lacrosse, soccer and piano. I like to solve problems and hope to study engineering. My friends know me for my sense of humor, my positive attitude, and my ability to navigate the Hecate Strait!

I am imaginative, quiet and kind. I write fiction and hope to offer the brief escape of a compelling story to my readers. I find strength and inspiration in standing up for social and political change to benefit the common good.

An adventurous Alaskan childhood endowed me with a set of practical skills and a wealth of memories associated with my grandma’s cooking. Intrigued with food and healthy eating, I plan to be a chef in my own restaurant.

I like to write nearly everything, including “to do” lists. My experience as cheer co-captain has honed my confidence. I consider myself a serious student who embraces challenge and approaches life with empathy for others.

You must submit a copy of your word-processed bio when you submit your scholarship notebook on January 14, 2019. (Editing may be necessary.)

At the top of the bio, print your name as you want it to appear in the program.
